

St. Catherine's Youth Program – Parent Support

We are very proud to host a vibrant, active, and fulfilling Youth Program at St. Catherine's. Continually maintaining the highest possible quality level in our youth ministries requires time and commitment from our leaders, our volunteers, our youth, and their families. To put it simply, we would be unable to continue to offer the ministries and opportunities our youth that we do without the involvement and support of their families.

In this spirit, we ask that you please indicate any and all events, activities, and areas of ministry to which you are interested, willing and able to help out. Doing so will not necessarily obligate you serve, but you will hear from the Director of Youth Ministries or another volunteer leader with more information about the particular events, activities, and/or areas of ministry that you have marked.
